GENTLEMAN**

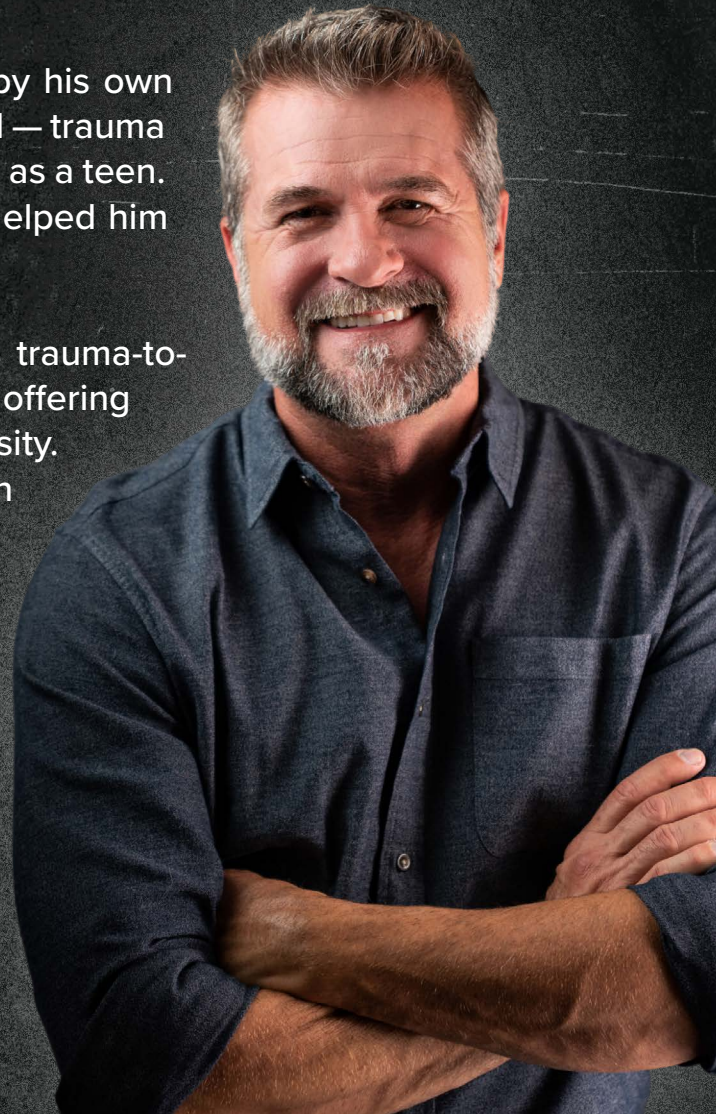

ABOUT VICTOR

Victor Marx is a high-risk humanitarian on a global mission to set captives free — physically, emotionally and spiritually. Victor's focus is on rescuing traumatized children and women, and hunting predators to bring them to justice. His work includes providing refuge and restoration to trafficked and abused girls in Southeast Asia, freeing an ISIS slave and her children after nine years in captivity, and bringing hope and healing to kids in the Middle East.

Victor's passion for freeing children is fueled by his own experience being tortured and abused as a child — trauma that spiraled into drug use, fighting and stealing as a teen. The discipline of military life and faith in God helped him recover from his traumatic childhood.

Today, Victor is a sought-after speaker for his trauma-to-triumph tale and motivational message aimed at offering hope and promoting resilience amid adversity. He encourages countless listeners through speaking engagements, social media and his popular podcast, mixing humor with real, raw stories of survival and redemption.

This husband of 35+ years, father and grandfather is Founder and CEO of [All Things Possible Ministries \(ATP\)](#), which serves to preach the gospel, protect children and pursue predators. ATP also offers e-courses ranging from improving marriage relationships to being set free from addiction.

THE DANGEROUS GENTLEMAN:

A Call for Christian Men to Be Courageous in a Culture of Correctness

America is in a war — an internal battle between good and evil with society crumbling at our feet. With every institution we once relied on now eroded, there is no one coming to help. Victor doesn't believe politicians are going to save people, nor law enforcement or public schools. Instead, he advocates for restoration of the family unit as God intended, led by fathers and a generation of “dangerous gentlemen” who believe that, without courage, all other virtues fail.

In his latest book, Victor lays out a battle plan for men to lead the fight to rebuild our culture, families and churches along with stories of his life's journey that took him from an abused child left for dead to rescuer of the weak and traumatized. A former Marine, Victor has followed God's call to the far corners of the globe to provide assistance to the least of these — including widows and orphans of ISIS fighters — despite the danger. What he's learned along his journey he provides in these pages with his trademark humor and humility. He invites men along for the adventure of a lifetime.
