

# PROTECTING CHILDREN'S INNOCENCE TASK FORCE

AN INITIATIVE OF ALL THINGS POSSIBLE MINISTRIES  
**BECAUSE EVERY CHILD DESERVES TO BE SAFE.**

## ATP's Protecting Children's Innocence Task Force (PCITF)

exists to defend the most vulnerable by equipping those on the front lines: law enforcement professionals investigating child exploitation.

Rooted in a deep commitment to justice and healing, this initiative empowers agencies across the U.S. through cutting-edge resources and immersive retreat experiences that provide physical, emotional and spiritual care.

## FORCE MULTIPLIER FOR JUSTICE.

**“Nearly half of all reported victims of child sexual crimes in the U.S. are under the age of 12 — including cases of molestation, assault and exploitation.”\***

These aren't distant headlines — these are children in our schools, our neighborhoods and our churches. This is why the Protecting Children's Innocence Task Force exists. We see the protection of innocent children as a gospel calling. By supporting officers in the fight and helping expand their capacity, we directly impact a child's ability to be rescued, restored and given a future.

**This is how we contend for the least of these.**

# OUR TWO-PART STRATEGY.

## THE GUARDIAN RETREAT

A five-day, fully funded intensive for law enforcement

- Strengthen investigator resilience Emotional Recovery Support
- Reduces burnout and turnover through personalized Health Optimization
- Sustains long-term effectiveness.

This retreat helps renew the hearts and minds of officers carrying the burden of horrific cases.

---

## LAW ENFORCEMENT CAPACITY ENHANCEMENT

PCI partners directly with law enforcement to close critical resource gaps — expanding capacity, accelerating investigations, and strengthening outcomes without directing cases.

- Expand investigative capacity by funding dedicated investigators and analytical support
- Equip task forces with mission-essential technology, intelligence, and training
- Preserve investigator effectiveness through targeted wellness and resilience support

We've saved women and children in 30 nations — but now, the greatest need is in our own backyard. The U.S. is under-resourced, and the time to act is now.

# YOUR PARTNERSHIP CAN HELP US GO FURTHER.

With your generous support, ATP can set more captives free — **spiritually, emotionally, and physically.**

WILL YOU JOIN US?
